The Stableford League consists of 19 weeks of play in 2023. Each week is played as a 9-hole event where players have the option to play on Wednesday or Thursday. Each week, partners will be chosen after play on Thursday by a blind draw. Teams with highest point totals will be awarded each week based on participation.

There is a season-long, individual pay-out based on a player's 14 highest point totals. Players must play with at least one other for score to count each week.

Players must sign-up in the Golf Shop each week to verify that their league scores are posted. Players must have a tee time as well.

There is a Weekly, Individual High-Point pay-out as well. If two players tie, the pot carries over to the following week. Points awarded on Net Scores as follows:
